### Text:

Calculus: A Complete Course, 8th Ed. by Robert A. Adams, Christopher Essex.

### Sections to be Covered:

1.2-5, 2.1-6, 2.8-9, 3.1-3, 3.5, 4.3-6, 4.8-10, 5.1-7, 6.1-2, 6.5, 7.1, 9.1-7.

### Course Website:

http://portal.ku.edu.tr/~math106

### Homework and Problem Sessions:

Homework problems will be posted on the web page. While these will not be collected, you should take them seriously and solve them. There will be regular problem sessions, centered on the homework.

### Evaluation:

Your progress will be evaluated according to your performance in two midterm exams (30% each) and a final exam (40%). The midterm exams will take place outside class hours. Exam dates will be determined by the Registrar Office. All the information regarding the exams will be announced on the web page of the course:

http://portal.ku.edu.tr/~math106

Calculators will not be allowed in the exams.
**Passing Grade:** The passing grade (D) is at least 40 out of 100.

**Make-up Exam:** There will be only 1 common make-up exam for a missed exam (midterm or final) with an official excuse (health report, etc.) which will take place at the end of the semester, after the final exam. It will include all the material covered throughout the semester (even if it may be a make-up for the midterm).

**Academic Honesty:** Students are expected to maintain their academic integrity. Academic dishonesty in any form will not be tolerated and punished as described in the “academic integrity” section of the Koç University catalog.
